Dear Sir or Madame:

This letter concerns your pending request for authority to remain silent. Temporary authority is hereby granted for the above-referenced station(s) to remain silent for six months from the date of this letter.

Any further requests for extension of this authority must be accompanied by a detailed summary of steps taken to return the station to on-air operations.

On December 11, 1991, the Commission adopted a Report and Order (copy attached) which amended Part 1 of the Commission's Rules, to implement Section 5301 of the Anti Drug Abuse Act of 1988. Pursuant to the Report and Order, any requests for extension of this authority must be accompanied by a certification that neither the applicant nor any party to the request is subject to a denial of Federal benefits under Section 5301. Please use the attached certification page to comply with this requirement, if you need to request an extension of this authority.

It will be necessary to maintain prescribed tower lighting in accordance with the station's license authorization. If an extension is not required, you are requested to notify the Commission, in writing, of the exact date the station resumes on-air operations.

In the event that any AM station remains silent for a period over 6 months, it will be necessary to file with the Commission, prior to returning the station to on-air operations, an FCC Form 302 for direct measurement of power which should include a partial proof of performance for stations with directional antennas.

Operational Status Inquiry

Dear Licensee:

It has come to our attention that the above-referenced station has been off the air without authority.

To verify our records, you are required to submit the following information, as applicable:

- (1) If the station is currently operating, please state the date it resumed operations and whether these operations comply with the minimum operating schedule requirements of Section 73.1740 (Commercial AM and FM Stations) or Section 73.561 (Noncommercial Educational FM Stations). Please provide a copy of any letter notifying the Commission that the station resumed broadcast operations. Further, in the event that any AM station remains silent for a period over 6 months, it is necessary to file with the Commission, prior to returning the station to on-air operations, an FCC Form 302 for direct measurement of power which should include a partial proof of performance for stations with directional antennas. If you have not complied with this requirement, please submit a Form 302 to resume operations.
- (2) If the station is currently silent with authority, please submit a copy of the Commission letter authorizing this silence. If a request to remain silent was filed more than four months since the date of this letter, please submit an updated justification for continuing to remain off the air.
- (3) If the station is silent and has not filed a request for either an initial temporary authorization or to extend a prior temporary authorization, please submit

such a request, detailing the necessity for the station's continued silence and providing an estimate when broadcast operations will be resumed. If the station has permanently discontinued operations, please notify the Commission, forwarding the station's license and other instruments of authorization to the Commission for cancellation pursuant to Section 73.1750 of the Rules.

Please note that, pursuant to the Report and Order (copy attached), adopted by the Commission on December 11, 1991, requests for new and extended temporary authorizations must be accompanied by the appropriate certification (suggested format enclosed) regarding Section 5301 of the Anti-Drug Abuse Act of 1988.

The requested information must be submitted to the Commission, pursuant to Section 73.1015 of the Rules, within thirty days of the date of this letter.<sup>1</sup> Failure to respond or to submit a showing sufficient to justify authorization of continued station silence will result in appropriate action by the Commission to terminate your authority to continue as a licensee.

If you have any questions regarding the content of this letter, please contact Sharlene Lofty, Industry Analyst, at (202) 418-2660.

### FILING INSTRUCTIONS

Broadcast station licensees are required to afford equal opportunity to all qualified persons and to refrain from discriminating in employment and related benefits on the basis of race, color, national origin, and sex. See Section 73.2080 of the Commission's Rules. Pursuant to these requirements, a license renewal applicant who employs five or more full-time station employees must file a report of its activities to ensure equal employment opportunity for women and minority groups (that is, Blacks not of Hispanic origin, Asians or Pacific Islanders, American Indians or Alaskan Natives, and Hispanics). If minority group representation in the available labor force is less than five percent (in the aggregate), equal employment opportunity (EEO) program information for minority group members need not be filed. However, EEO program information must be filed for women since they comprise a significant percentage of virtually all area labor forces. If an applicant employs fewer than five full-time employees, no equal employment opportunity activity information need be filed.

A copy of this report must be kept in the station's public file. These actions are required to obtain license renewal. Failure to meet these requirements may result in license renewal being delayed or denied. These requirements are contained in Section 73.2080 of the FCC Rules (47 CFR 73.2080), and are authorized by the Communications Act of 1934, as amended.

If your station employs fewer than five full-time employees, check the box at left, complete the certification below, return the form to the FCC, and place a copy in your station's public file. You do not have to complete the rest of the form.

If your station employs five or more full-time employees, you must complete all of this form and follow all instructions.

If minority group representation in the available labor force is less than 5 percent (in the aggregate) and you choose not to file EEO program information for minority groups, check the box at left and complete the rest of this form with only the information for your program directed towards women.
